EDUCATION

St. Ambrose University — Expected 2030
B.S. Mechanical Engineering · Davenport, Iowa
– Freshman, Fall 2026 – present.

Pleasant Valley High School — Graduated 2025
Bettendorf, Iowa
– 3.6 GPA.

WORK EXPERIENCE

Soccer Referee — 2023 – 2025, 2026 – Present
US Soccer (USSF) · Quad Cities, IA
– Refereed youth soccer games with a crew for 3 seasons. Enforced the rules and handled disputes with coaches and parents.
– Took a break for a year abroad and started again when I came home.

PROJECTS · GITHUB.COM/ROMANKRZMARZICK

4-Cylinder Engine — SolidWorks
– Modeled the pistons, piston rings, piston pins, connecting rods, rod caps, and crankshaft of a 4-cylinder engine.
– Put the parts together in a working assembly, then made an exploded view, a motion video, and detailed drawings.

RPS Shoot — Python
– Built a Rock Paper Scissors Lizard Spock card game with 4 computer opponents. The hardest one uses a Markov chain to predict the player's next move.
– Drew every card and icon with code, using no image files.

2D Platformer Game — Python
– Built a platformer where the player can run, jump, crouch, dash, wall climb, and wall jump.
– Added timers that make the controls feel responsive, and scaled the game up 5x for a pixel art look.

EXTRACURRICULARS

Men's Soccer — Fall 2026 – Present
St. Ambrose University
– Train and compete with the team while taking a full engineering course load.

SKILLS

CAD: SolidWorks
Programming: Python
Tools: Git & GitHub
